

Raised in the San Lorenzo Valley, I am proud to serve the community that shaped who I am. I have dedicated over 24 years to the County of Santa Cruz, and I began serving as Auditor-Controller-Treasurer-Tax Collector in July 2025.

As a Certified Public Accountant (CPA) and Certified Public Finance Officer (CPFO), I bring more than two decades of experience in governmental accounting, auditing, budgeting, and financial oversight. I earned a Bachelor of Science in Business Administration with a concentration in Accounting from San Jose State University and started my higher education at Cabrillo College. I am also a Credentialed California County Senior Executive.

Throughout my career, I have strengthened internal controls, led countywide budget preparation, modernized financial systems, and supervised professional teams focused on transparency and accountability. I am committed to protecting taxpayer dollars and ensuring responsible, accurate financial management.

I am honored to serve this community and ask for your support to continue providing experienced, ethical, and steady leadership for the future of Santa Cruz County.
