

Argument in Favor of Measure H

Vote Yes on H to repair and modernize local schools in the Live Oak School District to ensure that all students learn in safe, modern classrooms. Measure H invests in a better future for all students by providing access to 21st century classrooms and labs.

Many local schools are aging and desperately need repairs. Measure H could remove mold and asbestos from our schools, fix leaky, deteriorated roofs, and complete many other needed repair projects.

Now, more than ever, **it is crucial that we ensure our schools are equipped with the tools children need to learn, regardless of the circumstances.**

Measure H will help us achieve this goal by providing our schools with the resources to make essential improvements and better prepare our children for the future.

Projects to be funded by Measure H include:

- Increasing student access to the internet and instructional technology to improve classroom learning.
- Repairing school playfields and playgrounds
- Upgrading school emergency preparedness
- Replacing outdated electrical wiring

We must also protect taxpayers by watching over and managing every tax dollar. That is why Measure H comes with iron-clad taxpayer protections, including:

- Requiring an Independent Citizens Oversight Committee
- Qualifying for state matching funds
- Prohibiting funds from being used for salaries or benefits.
- Guaranteeing that all bond money will be spent locally, not taken by the state for use elsewhere.

Our schools are our community's most valuable public resource. They provide our children with a place to thrive, they protect local property values, and they make our community a better place to live. Let's make sure they remain that way.

JOIN PARENTS, TEACHERS, LOCAL BUSINESS AND COMMUNITY LEADERS.

Vote Yes on Measure H.

/s/ Felicita Rasul, Live Oak Elementary School District Board Clerk
