

OCCUPATION:

Incumbent

Age:

65

Experience Counts! As a Boulder Creek Volunteer Fire Director for the past 13 years, I have navigated the Fire Department through two major events. First was the great recession when our first responder funding was drastically reduced by the falling housing prices. Thanks to taxpayers passing measure N, we were able to buy two engines and rebuild our reserve accounts. The second was the CZU fire. During this time the board was able to approve emergency purchases desperately needed to battle the fire. And under the leadership of the chief and his officers, our dedicated fire fighters saved the town of Boulder Creek.

I will never lose sight of the fact that the money I help to manage comes out of your pockets. The money that is spent is for the protection of our firefighters and for the benefit of the safety of the community.

I am a lifelong resident of Boulder Creek, a four-year Navy Veteran, former owner of Redwood Keg and a member of Mensa.

If you think that Boulder Creek has an outstanding Fire Department as I do, , then please VOTE to re-elect me, Robert Louis Presswood, on November 8th, 2022.
