As a wife, Parent, and University Professor, equity and equal access to a great education is a priority for our children. Continue to be strong in our advocacy for our School Board by Re-Electing Georgia Acosta for the Pajaro Valley Unified School District.

My family values education. As a PVUSD School Bus Driver and raising my family, I earned my AA Degree from Cabrillo College. While my children gained their degrees, I completed mine at CSUMB where I now teach.

Serving our students with innovative resources: Afterschool Expanded Learning Program where we've increased student involvement from less than 1,000 to over 9,000 students daily and Career Technical Education (CTE) Programs adding more educational opportunities across our Schools.

Good Governance and Positive Empowering Leadership has been the focus of my tenure as President of the Pajaro Valley Unified School District Board. I am especially proud of hiring Dr. Heather Contreras as our new PVUSD Superintendent and reinstating the School Resource Officer Program for the Pajaro Valley Unified School District providing safer campuses.

Proud to be supported by many hard-working Pajaro Valley Unified School District Teachers and Classified Workers! Their value to our children's education is irreplaceable. Higher pay improves work quality and employee retention.

Focusing on a brighter future for our Families: Vote for Georgia Acosta!
