

As mayor and current Watsonville City Council Member, we've faced serious issues from unequal access to the Covid-19 vaccination, calls to slash police funding, failing roads and infrastructure, lack of economic growth, increase in homelessness, neglected parks and flooding catastrophes. My priority is always Watsonville first.

Throughout the last 4 years we've implemented speed bumps, resurfaced and restriped roads, revitalized the KMart center, removed encampments and motorhomes from our sloughs, parks, parking lots and public right-of-ways. I supported the Ramsay Park and Watsonville Plaza renovations and expansion of city artwork. We created the butterfly covid memorial on Main Street. Revived holiday lighting to our Main Street light poles. During the floods, I went door-to-door sandbagging homes and distributed evacuation information. We've had great accomplishments, but there's more to do.

We need to continue to improve roads, enhance neighborhood lighting, ensure city safety, prioritize economic development, provide adequate community spaces through completing our park renovations, continue the KMart center improvements, advocate for Blanca Lane's Meadows Manor Mobile Home Park, deter a county homeless encampment on Freedom Boulevard, and invest in youth and mental health programs.

I'm the right voice for our district. I'm responsive, transparent and a proven leader. I'll always put you first. I'd be honored to earn your support.
