Information Regarding the Statement of Vote

This Statement of Vote is prepared and issued pursuant to Elections Code Sections 15372 - 15374. Pursuant to state law, the election was conducted by mailing a ballot to all registered voters in addition to providing in-person voting.

How results are compiled

The Statement of Vote reports show results by “consolidated” voting precinct for each contest on the ballot. There were 118 consolidated voting precincts in this election. A key to the consolidated voting precincts is provided in the “Voting/Absentee/Regular Precinct Cross Reference” provided in this booklet.

The key to registration precincts is: 1st digit = supervisorial district; 2nd digit = city, where 1 = Santa Cruz, 2 = Capitola, 3 = Watsonville, 4 = Scotts Valley and 0 = unincorporated; 3rd digit designates the council district in Santa Cruz and Watsonville. The 4th and 5th digits are random.

There were 2 ballot types in this election.

Following the precinct by precinct report, you will find reports of results by district: polling place, vote-by-mail, and grand totals.

The “Registered Voters” column shows the total registration for the consolidated voting precinct. Voter registration information is current as of the last day to register to vote in the election (15 days prior to the election). Late arriving, but eligible, voter registration affidavits are not included in the registration figures. Voters who voted using a Same Day or provisional ballot are reflected in the “Voters Cast” column, but they are not accounted for in the Registration column. The “Voters Cast” column shows total ballots cast either in the precinct or vote-by-mail.

Other Reports Included

Three election result summaries are included:

1. Final Official Results;
2. First release of ballots counted election night; and
3. Semi-Official Election Night Results.

Vote-By-Mail ballot statistical reports are provided showing the total number of ballots issued by voting precinct and the method of issuing and then the total number of ballots returned by voting precinct. These statistics do not reflect votes cast by confidential voters in Santa Cruz County, Same Day or provisional ballots cast by voters.

The Conditional Voter Registration Ballot Statistics Report shows how many voters voted using the same day voter registration procedures, how many were partially counted and how many were not counted and why.

The Provisional Ballot Report shows how many voters voted by provisional ballot, how many were fully counted, how many were not counted, how many were partially counted, and the breakdown of reasons why ballots were not counted.

A report showing the registration by District broken down by political party is also provided. Finally, there is a list of the voting locations established for the election showing how many ballots were issued at each location.

The last reports outline our “Canvass Activities.”

Appendix 6 – Canvass Activity Summaries

Canvass Activities Summary

November 4, 2025, Special Statewide Election

Auditing of the Voting Locations

Each location is responsible to complete a variety of forms at the close of the location each day of the voting period. Elections staff then audit those forms to account for all ballots issued and returned. For November 4, 2025, there were 24 voting locations available for voters to access for in-person voting or receive a replacement ballot. Below is a list of the voting locations with the days and hours of availability. All locations were audited and where the paperwork reflected discrepancies, those discrepancies were thoroughly researched and resolved. In all cases these were poll worker errors such as transcription errors or recording information in the wrong places.

1% Manual Tally

Per Elections Code Section 15360, 1% of precincts must be hand tallied to determine that the voting system is reading and tabulating votes correctly. For November 4, 2025, there were 118 voting precincts, which meant that only 2 precincts needed to be counted.

Elections Code Section 15360 also states that all contests on the ballot need to be hand tallied. Because all of our ballots (vote by mail and in-person) were tabulated in batches, Santa Cruz County Elections Department determined that 6 in-person batches and 22 vote-by-mail batches would be drawn from the Election Night results and another 14 batches would be drawn after all vote by mail, same day registration and provisional ballots had been added to the count prior to certification. After making those selections, we would verify that all precincts were accounted for in those batches. If not, more batches would be drawn to fulfil the requirements.

Batches were randomly selected on Thursday, November 6 at 11am by staff. All batches are randomly selected by pulling a slip from a bowl. All contests on the ballot would be tallied. All votes cast in those batches were tallied including preprinted paper ballots and votes cast on the tablets. Blank ballots that were encountered (in any media) were tallied as undervotes for each contest. Spoiled, cancelled, and otherwise invalidated ballots were not tallied as they are not valid ballots.

Vote-by-mail and paper ballots used at the voting locations were tallied by audit teams of 3 auditors. Duties were divided among team members with one-member reading from the ballot, and the other two members keeping independent, simultaneous tallies. Once all the ballots for that precinct had been read, then the totals on the tally sheets were compared against each other. When more than one contest was being tallied in a precinct, each one was done individually. The results were later compared to the central tally count and if the totals did not match, then the hand tally began again.

Materials used to complete the tallies were minimal, but included specialized tally sheets, pencils, and the central count reports.

Not many observers were present during the canvass. However, we installed cameras in our office and in the rooms where we were conducting canvass activities that observers could utilize to observe our activities. Our office always welcomes observers and answered many calls about the status of the activities. Because the audit was conducted at central elections, no additional security measures were required above and beyond normal security precautions in place.

There was one discrepancy that was noted during the manual tally. It was:

1. One ballot had a correction to the voter's vote showing their intent. When the voter indicated their intent, they did not correct the ballot as instructed and it was missed. The batch was deleted from the system, the ballot was remade to reflect the voter's intent, the batch was rescanned and verified.

In the end, aside from what was noted above, the results from the manual tally matched the machine results with 100% accuracy.

Search for Live Ballots

After searching through all the supplies and equipment that were returned from the polling sites, three live ballots were found. After reconciling the respective voting locations, they were determined to be live ballots and were added to the count.

Equipment Incidents

There were a few incidents with the voting equipment for the November 4, 2025, election.

11/3/2025 - St. John's Church. One of the Dymo label printers (used on check in) wouldn't print correctly. Updated the settings, and it worked fine. During the time the one printer was not working, there were three others that did work, so voting was not disrupted.

11/4/2025 - Zayante Fire Station. One of four Dymo label printers was not working, however when we went to replace, it was working fine. Belief is that it was operator error.

11/4/2025 – Loma Prieta Community Center. An ICX displayed a “battery life critical” message despite being plugged in. Unit went through PostLAT and it appears okay. Unit will be serviced by the vendor. While waiting for the replacement, there was a second ICX that was working, so voting was not disrupted.
