NANCY A. BILICICH

Candidate for Watsonville City Council, District 7

Occupation: Educator/ School Administrator

Received
Watsonville
City Clerk

Born and raised in Watsonville, with great pride, I graduated from local schools, including Watsonville High School. I earned degrees from Cabrillo College (A.A.), Santa Clara University (B.S. and M.A.) and Nova Southeastern University (Ed.D.).

It has been an honor to serve our community as both a Watsonville City Council Member and Mayor. Today, I continue participating on regional flood prevention boards, including chairing the Pajaro River Watershed Flood Prevention Authority, where we helped advance the Pajaro River-Salsipuedes Creek levee project to better protect our community.

If elected, I will continue advocating for public safety, improved streets, responsible housing development, expanded business opportunities, youth recreation, and the preservation of the Watsonville Municipal Airport.

I proudly volunteer with several agencies: Pajaro Valley Chamber of Commerce and Agriculture (Chairperson), Pajaro Valley Public Cemetery District, Slavic American Cultural Organization, Sons and Daughters of Italy, Soroptimist International of Watsonville, Watsonville High School Foundation, and the Watsonville Woman's Club.

I will continue to listen to residents, especially those in District 7, and work collaboratively to keep Watsonville safe, vibrant, and a thriving community. I respectfully ask for your vote on November 3rd. With your help, we can make a difference.
