
CAMI CORVIN

Paralegal • Business Owner Cami4Capitola.com

As a longtime Capitola resident with family roots in Capitola and Santa Cruz County spanning over 100 years, I have a deep appreciation for the history, character, and people who make our community special. Those roots inspire my commitment to preserving what makes Capitola special while planning responsibly for its future.

Throughout more than 45 years in the legal profession, I've learned that the best decisions come from listening first, asking thoughtful questions, researching the facts, considering all sides, and treating people with fairness and respect. Those are the same principles I will use to serve the residents of Capitola on the City Council.

If elected, my priorities will be **Keeping Capitola Capitola** by preserving our community's unique character and small-town charm; promoting transparency and accountability; practicing fiscal responsibility; supporting local businesses; and maintaining the public safety our community expects and deserves.

Currently, I serve as a Trustee of the Capitola Historical Museum and Vice President of Think Local First, and I am a member of the Santa Cruz County Bar Association.

It would be an honor to serve the residents of Capitola, and I respectfully ask for your vote.
