

Tory Del Favero
Candidate Statement

I grew up in Capitola and raised my family here. This community has shaped who I am. I previously served on the SUESD school board of trustees, working to bring steady, thoughtful leadership to local governance. Beyond that role, I've volunteered in numerous capacities, from youth programs to community fundraising efforts, because showing up for Capitola has always mattered to me.

Professionally, I have years of experience in human resources and organizational leadership, skills that translate directly into effective, people-first governance. I know how to listen, build trust, and navigate complex situations with care and clarity.

I'm running for Capitola City Council because I believe our city's next chapter, on housing, infrastructure, and the local economy, deserves a council member who listens first and acts with the whole community in mind. I'm interested in practical, collaborative solutions that reflect what residents actually want for their neighborhoods.

I'm committed to transparency and accessibility, honoring Capitola's past while thoughtfully planning for its future. I'm ready to bring my hands-on, community-first approach to the City Council, and I would be honored to have your vote.
