

Brody R. Knutson, Water Operations Manager
Director Candidate, Scotts Valley Water District

Candidate's Statement of Qualifications

For the past 15 years, I have dedicated my career to California water utilities. I began with the City of Santa Cruz, building a strong foundation in utility operations and public service before spending nearly a decade with the Scotts Valley Water District in customer service, water operations, and engineering.

Today, I serve as the Operations Manager for a mutual water company in the San Lorenzo Valley, where I oversee operations, budgeting, capital planning, regulatory compliance, and infrastructure improvements.

I hold California certifications in Water Distribution and Water Treatment, along with CA-NV AWWA certifications in Backflow Prevention Assembly Testing and Cross-Connection Control.

If elected, I will bring practical experience, technical expertise, transparent leadership, and responsible financial stewardship to help ensure Scotts Valley Water District continues to provide safe, reliable, and sustainable water service for our community.
