

Watsonville is the place my family and I proudly call home. When I ran for office, I shared my vision: safe neighborhoods, local jobs, accessible parks and housing, and an approachable government. As Mayor and Councilwoman, I worked to turn that vision into action and have delivered real results.

I helped advance \$82 million in road and infrastructure improvements, bringing long-overdue investment into District 3 neighborhoods, upgraded more than 3,000 streetlights, and moved projects forward, including Green Valley Road, City Plaza, Ramsay Park, Cherry Blossom Park, and the Pajaro Valley High School Pedestrian Bridge.

I supported Watsonville's Homelessness Action Plan, contributing to a decrease in homelessness, strengthened our Affordable Housing Ordinance to prioritize local residents, and advanced the construction of hundreds of affordable and market-rate housing units. Overall crime declined with continued investment in police, fire, and community-based programs.

I expanded access to local government through direct engagement, strengthened regional partnerships, supported youth, families, and small businesses, and adopted the Watsonville Arts Plan, securing Watsonville's designation as a Cultural District.

I offer 15 years of public service experience and a deep commitment to continue expanding parks, road and infrastructure improvements, advancing housing opportunities for all, investing in youth and economic development, and strengthening public health, safety, and community engagement.

I respectfully ask for your vote.
