

Official statement July 2026

Serving on the PVUSD Board of Trustees is a serious responsibility. Trustees are entrusted with the education of our children, the stewardship of taxpayer dollars, and the future of our community. As the parent of two PVUSD graduates and the grandparent of school-age children, I have a personal interest in the success of our students. The strong foundation I received in reading and mathematics helped me build a successful career as a union tradesman, become a licensed general contractor, and small business owner.

These life experiences have built accountability, fiscal discipline, strong employee relations, safe workplaces, and practical leadership. I intend to bring common sense results to the Board, helping to keep PVUSD financially intact and with a strong focus on our students, classrooms, teachers, and staff. Every student deserves to graduate with strong reading and math skills, providing a foundation for college, the skilled trades, technology, business, and future. We must support our educators, set high expectations, and equip students to succeed.

Parents deserve a meaningful voice, and district leadership must be transparent, accountable, and responsive. I respectfully ask for your vote and the opportunity to serve our students, families, and this community on the PVUSD Board of Trustees.
