200 bean Creek Rd, Scotts Valley, CA 95066

As a Scotts Valley resident, husband, father, and municipal employee, I am committed to serving our community with integrity, transparency, and sound judgment.

In my role with the City of Scotts Valley's Parks and Recreation Department, I help administer public programs, manage contracts and budgets, and provide services that residents rely on every day. This experience has reinforced the importance of fiscal responsibility, long term planning, and responsive public service.

As a member of the Scotts Valley Water District Board of Directors, I will prioritize reliable infrastructure, responsible financial stewardship, transparent decision making, and protecting our water resources for future generations.

I would be honored to serve our community and respectfully ask for your support.
